Ophthalmology Service

Eye problems

1. Your Eye problem has been assessed and triaged by Emergency (A&E) Dept staff.
2. Many eye problems are self-limiting and do not require further review. However, if felt necessary, an appointment will be arranged for you.
3. If urgent your notes will be assessed within 24 hours in the Ophthalmology Department and you will be contacted in the next few days to confirm a plan of management. Please await this contact. However if you are worried that things are deteriorating please use the contact details below.
4. Please note, if the **Ophthalmology Department** contacts you by phone the telephone number will show up as a **0800 number** on your caller ID.
